IPT Long-Lasting Batteries

IPT-8299-M40

Maximize your radio's performance with our 4000 mAh Nickel Metal Hydride Battery for Motorola® Radio Models XTS-3000, XTS- 3500, and XTS-5000.

Guaranteed Quality

Impact Power Technologies designs and manufactures high-quality and efficient batteries, chargers and portable power solutions.

IPT products undergo extensive testing at every phase of production to ensure safety, performance and reliability for your critical applications. Our batteries are made using the highest quality cells, proper operational safety circuitry, and strong, durable cases that can withstand a one-meter drop onto concrete.

IPT Warranty

IPT batteries are guaranteed to be free of defects in materials and workmanship and will maintain 80% of rated capacity for 12 months.

**Please contact us for intrinsically safe information.*

Features

High-quality Japanese cells

Longer Lifecycle: ≈ 500

Lighter Weight: 410g

Specifications

Model: IPT-8299-M40

Chemistry: Nickel Metal Hydride

Operating Temp: 0°C to 50°C

Capacity: 4000 mAh

Operating Voltage: 7.5
